Korean cosmetics ODM makers, Q3 2026

Record sales for all Big 3. Profit split.

What made the difference?

Swipe →

Year on year · consolidated

Same boom, different profit

	Revenue	Op. profit	Margin
Cosmax	+49.6%	+94.9%	7.3→9.5%
Kolmar Korea	+21.3%	+40.5%	8.5→9.9%
Cosmecca Korea	+35.7%	+0.1%	14.9→11.0%

Operating profit vs. consensus

Cosmax	Beat (KRW 80.3bn → 83.3bn)
Kolmar Korea	-10.5% (91.5bn → 81.9bn)
Cosmecca Korea	-12.8% (31.2bn → 27.2bn)

Kolmar Korea consolidated figures include HK inno.N and Yonwoo.

What made the difference ①

What kind of orders came in

At Cosmax, skincare rose to **about 70%** of production.

Orders grew for **higher-margin products** such as essences and mists.

Cosmax Korea

Operating profit +97% · margin about 11%

Source: News1, Nov 12

What made the difference ②

Could they make it in their own plants?

To keep up with orders, Cosmecca Korea **outsourced more filling and packing**.

Kolmar Korea hit **bottlenecks** in some processes.

Domestic operating profit rose at all three

Cosmax +97%
Kolmar Korea +42% (cosmetics)
Cosmecca Korea +61%

Sources: Asia Economy · News1, Nov 12

What made the difference ③

Did overseas units hold up?

Cosmax USA

Revenue +88% · profitable 2 quarters in a row

Kolmar Korea USA

Revenue +122% · still loss-making

Cosmecca Korea's US subsidiary

Operating profit -61%

Sources: News1 · Asia Economy, Nov 12

Beyond the Big 3

The first two to report went opposite ways

Imine · hydrogel and sheet masks

Revenue +87% · Op. profit +174%

C&C International · mainly color cosmetics

Revenue -6% · swung to a loss

Big 3 share of ODM production: **69.7% → 62%**

ODMs above KRW 100bn output: **12 → 16**

(2024→2025)

What's next

New plants arrive in H2 2027

Part of Cosmax's Pyeongtaek expansion started running from the end of Q3.

Kolmar Korea's Sejong expansion and Cosmecca Korea's Ochang plant are due in **H2 2027**.

Shinyoung Securities expects sales to keep growing next year but is **cautious on margins**, as capacity lags orders.
